

Greetings,

New **America's Energy Link** social media content is coming your way in May! Listed below are a couple of informative graphics that you can share on your relevant company and personal social media channels. We have also designed a graphic for you to share during Infrastructure Week, May 16-23.

We have provided below some overall posting suggestions, active links and recommended post dates for your convenience.

Thank you for your ongoing support of INGAA and of our efforts to increase awareness for the America's Energy Link campaign. Remember to check INGAA's [Facebook](#), [Twitter](#) and [LinkedIn](#) pages often, and feel free to share our America's Energy Link messages with your co-workers and friends!

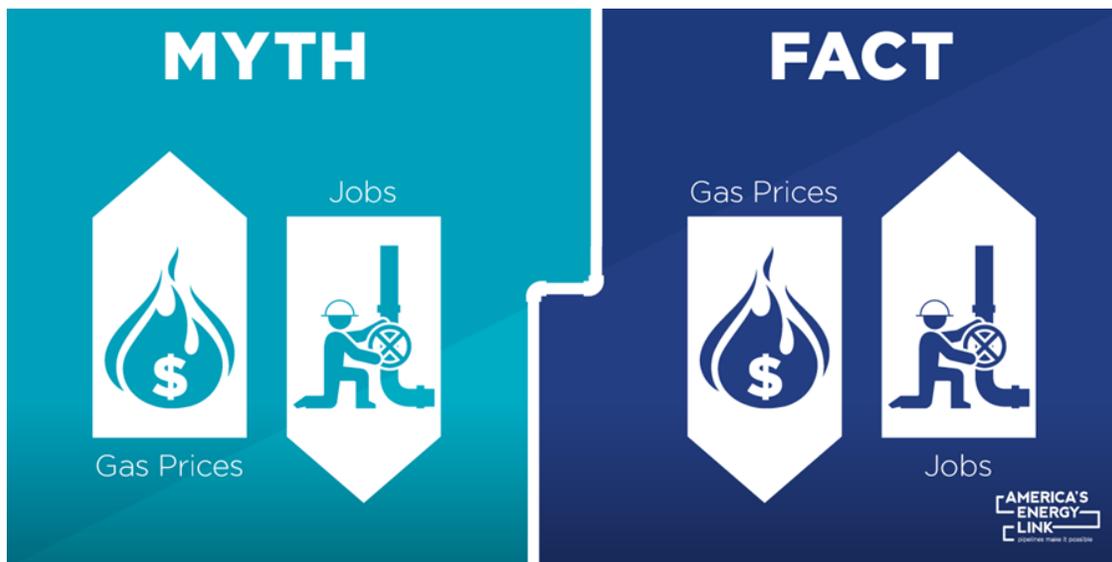

Posting Suggestions

- Please pay attention to relevant posting dates and times when sharing with your respective audiences.
- Use the **#EnergyLink** hashtag as appropriate.
- The following are shortened links to the main campaign page and the campaign video:

Drafted Posts and Graphics

[Myth vs. Fact: Exporting Natural Gas](#)

POST: 5/11

DOWNLOAD IMAGE

Twitter

FACT: Exporting #natgas has a negligible impact on domestic prices and benefits the U.S. economy. <http://bit.ly/1Luff92> #EnergyLink

Facebook

MYTH: Exporting natural gas increases domestic energy prices and negatively impacts American jobs.

FACT: Independent studies confirm that any impact from exporting natural gas will be inconsequential on domestic prices and will benefit the American economy. <http://bit.ly/1Luff92>

LinkedIn

Did You Know: Everyday Appliances

POST: 5/25

DID YOU KNOW?

Everyday appliances like microwaves, TVs and air conditioner units are all able to draw their power from **natural gas**.
